Dear Mr Green

DITCHINGHAM QUARRY
LAND OFF NORWICH ROAD (B1332)

Thank you for your letter of 24th regarding the proposals on land off Norwich Road.

In respect of information relating to “damage only accidents” along Norwich Road, Ditchingham, you will recall at the meeting held at your house on 18 July 2005, you indicated a willingness to provide the information you had previously submitted to the County Council.

In a subsequent telephone conversation with myself, you stated that your original data was not precise and you would need to liaise with other residents in the village to see if a more comprehensive picture could be produced. You indicated that this may take a further two weeks to collate, but this is has still not been provided.

Perhaps when you have the relevant data you could be kind enough to forward it to me at the above address.

Yours sincerely

Stish.
