Alan Burrell
County Councillor
Norfolk County Council
34 High Street
Loddon
Norwich

02 March, 2006

Planning Application no. P/C/7/2005/7019 (The Ditchingham Quarry [Withdrawn]).
Highways matters.

Dear Mr Burrell

Following NCC response to a request for information on highways issues, please find attached herewith copy correspondence to Councillor Alan Burrell requesting that he establish whether:

- the response to the information request [as provided by NCC 23/02/2006] is complete;
- process and procedure was properly followed with regard reaching officer opinion [on highways];
- there was proper consideration of the application site, given its location [with regard to policy on development areas, commercial traffic, access, impact etc]; and
- in context of [routeing] policy, the standard of maintenance and of other engineering matters [geometry, forward visibility, width, etc particularly south of Kirstead] the B1332 should be re-assessed with regard strategic priority or improvement.

Clearly our members are concerned that not withstanding the comprehensive nature of procedure note as demonstrated by the response to the information request, there is little evidence of [that procedure] having been adopted as part of this application/ consultation process.

If you should you have any queries in connection with the attached please do not hesitate to contact us. In this instance please address any communications to Froggs Hall, as above.

Yours sincerely

Julian Green
